

Nordic Startup Growth Pool — Genesis

Offering Summary (Demo)

Offering Title

Nordic Startup Growth Pool — Genesis

Executive Summary

This offering provides diversified revenue participation in a portfolio of early-stage Nordic technology companies. The SPV acquires revenue-share contracts and distributes pooled income to digital participation certificate holders.

Underlying Asset Description

Underlying assets consist of contractual revenue participation agreements with selected Nordic startups across technology sectors. Revenue streams are aggregated to provide diversified exposure.

SPV & Legal Structure

The investment vehicle is **TEA Nordic Growth Pool SPV ApS**, domiciled in Denmark. The SPV holds revenue-share contracts and administers pooled distributions. Digital participation tokens represent economic rights in the SPV.

Investor Rights

Token holders receive:

- Pro-rata share of pooled startup revenue streams
- Governance voting on portfolio composition
- Periodic portfolio performance reporting

Compliance & Eligibility

KYC and investor eligibility verification required. Tokens are non-transferable to ensure securities compliance.

Distribution Mechanics

Collected revenues from portfolio companies are aggregated and distributed periodically to verified token holders.

Exit Scenarios

Revenue contracts naturally expire or may be sold. Net proceeds are distributed to token holders and participation tokens redeemed.

Risk Factors

- Startup revenue volatility

- Portfolio concentration risk
- Early-stage business failure risk
