

ISSURA INVESTOR ALLOCATION AGREEMENT

Frontier Growth Pool

Version 1.0
Demo / Test Document

1. Purpose

This Investor Allocation Agreement describes the recorded participation of an investor in the Frontier Growth Pool.

The pool is presented as a private-market investment structure focused on high-growth companies and emerging-market opportunities.

This document is a demonstration document for the Issura platform and does not constitute a public offer, solicitation or commitment to accept an investment.

2. Investment Structure

Pool: Frontier Growth Pool

Structure: Alternative Finance

Model: Bilateral SPV

Jurisdiction: Denmark

Indicative pool size: EUR 7,500,000

3. Investor Allocation

An investor may participate through an allocation recorded by the pool administrator.

The allocation record may contain:

- investor identity;
- allocated capital;
- participation percentage;
- allocation date;
- subsequent capital changes;
- transaction history; and
- recorded valuation information.

4. Investment Record

The investor's position is recorded as an economic participation in the relevant pool.

Issura may create an investment certificate corresponding to the recorded allocation.

The certificate is an administrative representation of the recorded position and does not itself establish the economic value of the underlying assets.

5. Supporting Documentation

Relevant agreements and supporting documents may be registered with the investment record.

Issura may maintain a cryptographic document hash or other integrity reference associated with a registered document.

The integrity reference can be used to establish whether a subsequently presented document corresponds to the registered version.

6. Valuation

The displayed position value is derived from the allocation recorded for the investor and the latest valuation information recorded for the pool or relevant investment vehicle.

The valuation is not independently guaranteed by Issura.

7. Compliance

Participation is subject to applicable investor eligibility requirements, KYC procedures and the relevant investor policy.

8. Transferability

For this demonstration configuration, the participation is designated as non-transferable.

Actual transfer provisions would depend on the governing investment agreements.

9. Administration

The pool administrator may maintain:

- investor records;
- allocations;
- capital movements;
- valuation information;
- investment documents;
- transaction history; and
- certificates.

10. Demonstration Status

This document is provided solely as a demonstration of Issura's investment administration and verification functionality.

It is not an investment offer or solicitation and does not represent an actual commitment to invest under the terms stated above.
